TANQUE VERDE VALLEY
ASSOCIATION

*Dedicated to maintaining the natural
beauty and quality of life
in the Tanque Verde Valley*

History

The Tanque Verde Valley Association (TVVA) has been in continuous existence since its incorporation in 1947. It is the oldest and largest organization of its type in Pima County.

The TVVA has been very active in supporting the community and providing a unified voice on a variety of issues. A brief list of areas of involvement:

Maintaining the SR (Low Density) zoning in areas surrounding Saguaro National Park.

Maintaining the established zoning in the Tanque Verde Valley.

Protecting riparian habitat.

Supporting the local community in opposing incompatible proposals.

Providing a public forum for issues and concerns of Tanque Verde Valley residents. Political and community figures often address our annual general meeting to educate, inform, and answer.

Supporting the establishment of and contributing to the Kirk-Bear Canyon Library.

Promoting the building of the Agua Caliente bridge on Tanque Verde Road.

Establishing bike paths and horse trails.

Boundaries

Our boundaries are the Catalina Mountains and the Coronado National Forest on the North, the Rincon Mountains and Saguaro National Park on the East, Irvington Road to the South, and Pantano Road to the West. We have community-wide concerns and offer support to organizations and areas with similar goals which lie outside our boundaries.

Purpose

From the TVVA bylaws: “The purpose of this association shall be to further and guide the orderly development of the area, to uphold zoning codes set forth in the Rincon Area Plan and in the Agua Caliente - Sabino Creek Neighborhood Plan, and to preserve or improve the inherent scenic and ecological characteristics of the area.”

Organization

The TVVA is a non-profit organization with no political affiliations or loyalties. Our annual meeting is free and open to the public. The Board of Directors holds open meetings monthly and encourages

local residents with community concerns to attend. Board members are volunteers who reside within our boundaries, are elected at our annual general meeting, and serve for a period of two years.

Community Role

The TVVA's large membership and half century of experience in representing the interests of the Tanque Verde Valley community enable the TVVA to quickly and effectively mobilize to address problems and work towards solutions. The TVVA functions within and for the community on issues as simple as resolving poor road conditions and as far reaching as inappropriate area zoning changes.

Neighborhoods have repeatedly called upon the TVVA and its broader community base when they feel the need for a more powerful voice in representing their local concerns. We exist for the purpose of offering that unified voice on issues which impact our community and our valley. We've recently updated our website and initiated an email newsletter to keep our members and community more informed.

If you would like to become a member, or take a more active part on the Board of Directors, please email us at info@tvva.org, fill out the attached application, or go to our website to contact us: <http://tvva.org>.
